

Three Ways to Maximize Membership

We are **thrilled** you are part of our network of local businesses demonstrating every day the degree to which businesses can build profitable enterprises and serve community needs, share wealth, and protect the environment.

SBN membership supports you to connect with like-minded businesses in the region, receive resources and learn best practices, promote your business both within our network and beyond, and help us advance the local impact economy through our advocacy work.

There are many ways to **maximize your SBN membership**, but here are our recommended first three steps:

1. Visit www.sbnphiladelphia.org and register for events on our calendar.

2. View our public, searchable online SBN Member Directory and use the member portal on our website to update your profile:

<http://directory.sbnphiladelphia.org/>

3. Carve out 45 minutes in the next two weeks to take this free, confidential online business impact assessment:

<https://app.bimpactassessment.net/get-started/partner/sbn-philadelphia>
(and don't forget to select "Share Data with SBN")

We hope to see you at a program or event in the near future and don't ever hesitate to reach out and ask how you can maximize your SBN membership: membership@sbnphiladelphia.org

We look forward to building a just, green, and thriving local economy with you!
