

FOOD SAVER CHALLENGE

The Sustainable Business Network of Greater Philadelphia (SBN) is launching a **six-month challenge**, conducted in partnership with the National Resources Defense Council (NRDC), to help food businesses in Philadelphia combat food waste!

Our Goal

Philadelphia hopes to divert **90%** or more of the City's waste from landfills by 2035. Though, food waste makes up nearly **17%** of our waste stream and remains a pressing problem for our communities and local economy. **SBN seeks to address these issues through our Food Saver Challenge!**

Learn More &
Apply Today!

Here's How Businesses Can Apply!

- Visit: <https://www.sbnphiladelphia.org/what-we-do/sbns-food-saver-challenge> or use the QR code on this flyer.
- Click "APPLY HERE" under "Contact Us," and fill out an application form.
- If you have any questions, please reach out to rebecca@sbnphiladelphia.org.

The Benefits of Participating in SBN'S Food Saver Challenge Include:

- Complimentary access to ClearCOGS software to help businesses minimize waste, reduce storage costs, and increase efficiency for the duration of the challenge.
- Complimentary food redistribution support from local food recovery organizations including Sharing Excess and the Share Food Program's Philly Food Rescue.
- Complimentary technical assistance services through Drexel Food Lab.
- Access to Bennett Compost and Circle Compost services.
- Recognition by SBN, potential press opportunities, and other forms of city-wide recognition.
- Increased visibility through inclusion in media and social media coverage.
- The opportunity to share food saving results with the wider community, inspiring others to take action and join the fight against food waste.
- Potential for cost savings through the reduction of food waste.
- A chance to win a cash prize of \$5,000 and to be recognized as SBN's "Food Saver Champion."

For more information, please email Rebecca Nichols Franqui, SBN's Program and Membership Coordinator, at: rebecca@sbnphiladelphia.org.
